

MIDDLESEX BEACH ASSOCIATION
P. O. Box 173
Bethany Beach, DE 19930

February 26, 1996

Mr. Bruce E. Littleton, P. E.
Chief Traffic Engineer
State of Delaware
Department of Transportation
P. O. Box 778
Dover, DE 19903

Dear Mr. Littleton:

The Middlesex Beach Association Board of Directors met on Saturday, February 10, 1996 and reviewed your latest correspondence of November 29, 1995 in relation to the Route 1 and Bridge Rd. intersection.

We are in full support of the addition of overhead light units as well as a concrete pedestrian refuge island and are hopeful that this can be accomplished prior to Memorial Day 1996. As you are aware, the lighting option has been promised since the fatal pedestrian accident in September of 1994.

Middlesex Beach Association is also in full support of the closing of the northbound left and u-turn lane; however, we have definite opposition from the business owners along Highway 1 in Middlesex. We are in the process of organizing a meeting with the business owners in order to discuss this issue and arrive at a mutually agreeable solution. We will keep you posted on our progress.

We appreciate your cooperation and look forward to the installation of the lighting and pedestrian island.

Sincerely,

James G. Morgan
President
