Chief Traffic Engineer

DATE: March 13, 1996

RE: DELAWARE ROUTE 1 & BRIDGE ROAD

I have received the attached letter from the Middlesex Beach Association concerning the response of our letter to Joe Reardon, dated November 29, 1995. The letter concerns the two open issues of the highway lighting units, which Ron Minnick has verified have been ordered, and the pedestrian island we discussed with Allan Redden.

Please have Ron Minnick confirm that the lights have been installed, or to at least obtain a target date for their installation. Also, contact Allan Redden to see whether he is pursuing the installation of that pedestrian island, or whether we need to take additional action within the Department to insure that island gets installed prior to Memorial Day this year.

If you have any questions, please feel free to contact me.
