Bethany Beach, DE 19930

Dear Representative Bunting:

On behalf of Middlesex Beach Association, I would like to express our sincere thanks for your support in securing funding for the pedestrian island in our community.

Since the pedestrian fatality over two years ago, we have been working with DELDOT in order to resolve this problem and prevent another accident. Your successful efforts on our behalf have been reported to our community and we will keep you posted on the progress of the project.

Sincerely,

James G. Morgan
President
